REVERE AUTOMOBILE TIRES

AN OLD EXPERIENCED MOTORIST LAST YEAR FITTED HIS CAR WITH REVERE TIRES. HE SAYS:

"I never knew a tire before that gave such all around satisfaction. I have not had a puncture during the entire year; all four of the tires still have the same air in them since the day they were put on.
"There is no reason to fear riding on slippery or wet roads for those 'Rs' take care of the skidding and I think the 'R' means 'RUN' so speedily and lightly does the car travel. I wouldn't use another tire. Revere's are my choice."
